DALLAS, TX 75218

**KENNEDY** is a unique home designed with a low country, coastal aesthetic. Bright and airy, transitional finishes including hardwood floors, and painted shiplap features fill the home along with classic marble and ceramic bath tiles. Natural elements of seagrass and leather accent the home's designer curated lighting coordinating with warm touches of satin brass plumbing and hardware.

**CADEN** is a Mid Century Modern inspired home with clean lines and lively pops of color and patterned tile. Concrete flooring and hardwood floors add warmth to polished chrome lighting and plumbing fixtures. Modern shapes on rooflines and architecture along with a variety of textures in materials create a youthful look overall.
